Summary: Nick worked more on structure of game webpage. Styled footer, created form with relevant questions, fixed email, added breadcrumb nav, and worked on scalability. Chis added more game entries and worked on CSS.

Goals: The website is almost complete, we only need to touch up on a few things and put content on the home page.

Problems: We are now in a time crunch.

Time Log

		Estimated time to complete assignment =>	100 Hours

Date	Time Spent (in hours)	Description	Author
10/29	1	Assigned roles, began brainstorming website ideas	Nicholas Hanoian Chris McCabe
